General Information

As regards the terms and conditions governing payments, customers are duly informed by means of the "Single Deposit & related Transaction Relations Agreement", according to which, when opening a demand deposit account, customers accept, inter alia, the terms of the framework agreement for payment services, which is governed by Law 4537/2018 (Government Gazette 84/15-5-2018).

1. In respect of interest-earning accounts, interest is posted on 30 June and on 31 December of each year.
2. The balance available each day represents the funds (whether the total balance or a part thereof) whose value date, set as a result of any credit/debit entry or hold, has lapsed on the same day. The value date, in the case of withdrawals, is the date on which the amount withdrawn ceases to be part of the balance and, in the case of deposits, the date on which the funds become available and, in the case of interest-bearing accounts, interest starts accruing.
3. Interest rates on deposit accounts are escalating, i.e. interest accrues on the total balance existing from time to time in line with the rates indicated in the table above. Interest is calculated on the balance available on each day and the respective rate applies to the total deposit balance.
4. Interest is calculated on an actual/360 day basis, i.e. the actual days of the year are the numerator while the commercial year of 360 days is the denominator.

5. Tax is withheld from the interest payable to the account beneficiary in favour of the Greek State. The tax rate depends on the relevant tax law applicable from time to time (currently 15%). Certain depositors may be exempted from tax withholding, provided they present to the Bank the supporting documents required by the Ministry of Finance from time to time.
6. You will be informed as soon as possible of any interest rate change in general, through notices displayed to that effect at NBG branches, NBG press releases or the Bank's website [www.nbg.gr]. Rate changes, however, that are favourable to you may apply without notification.
7. Exchange rates are available through the Bank's branches and website (www.nbg.gr) and the daily press. Exchange rate changes may apply immediately without notification.
8. NBG's current Rates and Charges are available in the Bank's branches and can be viewed under the relevant heading on its website (www.nbg.gr).
