2. Description of the main features of the credit product

Type of credit	<p>Credit Card Cardholders are entitled to use the card, both in Greece and abroad, as a means of payment for their legal transactions with businesses or institutions displaying the card's logo, either with the physical presence of the card (POS) or without it (via the internet, mail or telephone orders, pre-authorizations of transactions), as well as for transactions at bank branches or ATMs within the limits set from time to time by the Bank or the Monetary Authorities (both in Greece and abroad) and at APSs. The card enables users to carry out contactless transactions with retailers/firms using appropriate contactless EFT/POS terminals.</p> <p>Contactless transactions may be carried out with respect to any amount. For purchases of value up to €50 the Cardholder does not need to enter the PIN (PIN-free Contactless Transaction Limit)¹. The maximum limit of the total amount for contactless transactions without PIN is set at €150¹.</p> <p>The card is granted to natural persons residing permanently and declaring personal income in Greece.</p>
-----------------------	--

Total amount of credit	The minimum credit line amount is set at: €500 An amount lower than the aforementioned minimum credit limits may be granted in exceptional cases and following special approval. The credit limit is determined by the Bank and varies upon assessment of the customer's credit rating.
Terms governing cash advances	The cardholder can use the card for cash advances within the limits set from time to time, both in Greece and abroad, either at bank branches displaying the card's logo, or in combination with the PIN at ATMs bearing the card's logo. The amounts arising from cash advances shall be charged with the contractually agreed rates applying to cash advances, as of the date of the cash advance.
Duration of credit agreement	The validity of the agreement is indefinite. The physical card has an initial duration of five (5) years and is renewed provided that the holder meets the Bank's credit or other criteria.
Instalments and, if applicable, the order in which the instalments will be allocated	A statement is sent on a monthly basis showing, inter alia, the card activity, the total outstanding debt, the minimum instalment, and the date of payment. Each payment is calculated on the basis of the following order of components: any fees whatsoever, interest charges, and then the principal (on the basis of the following order of amounts deriving from a transfer of balance, from purchases and finally from cash advances) which correspond to the oldest instalment per category. In the event that the cardholder is a registered Internet Banking user, the availability of said statement is notified through this service.
Total amount to be paid	see: a TARC example at the end of the printed table.
Required guarantees <i>This is a description of the guarantee to be provided in the context of the credit agreement</i>	The personal guarantee may be required, as the case may be, depending on the credit rating of the potential borrower.
Repayments do not imply respective pay-back of the principal.	The principal amount is directly reduced only when due and full payment of the monthly instalment is regularly carried out. Cardholders are entitled to repay their dues in instalments, by making the minimum payment, via the deposit account that they designated when applying for the card, or by carrying out full repayment by the payment date free of interest (for purchases), by one of the following means of payment:

	<ul style="list-style-type: none"> - Direct debit of their bank account, subject to a special authorization (this authorization enables the Bank to check the balance of the designated account on the payment due date, in order to collect the amount each time payable. In the absence of sufficient funds, the account is debited up to the amount of the existing balance so as to repay as much of the debt as possible). - Using an NBG debit card at NBG's ATMs; - Via Internet, Mobile and Phone Banking services, provided the cardholder is a registered user; - Cash deposit at NBG's ATMs using the credit card; - Cash deposit at NBG's APSS; - Quick payment at any post office; - In cash at the teller's desk in any of NBG's Branches.
