General Information

As regards the terms and conditions for carrying out payments, the customer is informed through the "Single Contract for Deposits and Associated Transaction Relations" and a specific term by which the customer, upon opening a demand deposit account, accepts, inter alia, the terms of the framework agreement for Payment Services governed by Greek Law 4537/2018 (Government Gazette 84/15-5-2018).

- 1) Interest is posted at the end of each month.
- 2) The available balance of each day is the part of the balance (whether a part or the whole balance) for which, on the same day, any value date for a credit entry or commitment has expired. In the case of withdrawals, the value date is the date on which the amount ceases to comprise part of the balance, and in the case of deposits, the value date shows the available balance as at that date and, if the account is interest-earning, the amount on which interest is earned.
- 3) The interest rates on deposit accounts are stepped, i.e. the current balance of the account is compounded by parts. Each part of the balance is compounded at a different interest rate in line with the rates indicated in the table above. Interest is calculated on the available balance each day and the corresponding interest rate is applied on the part of the balance that corresponds to each amount section.
- 4) Interest is calculated on an actual/360 day basis, i.e. the actual days of the year are the numerator while the commercial year of 360 days is the denominator.
- 5) Tax is withheld from the interest payable to the account beneficiary in favour of the Greek State. The tax rate depends on the relevant tax law applicable from time to time (currently 15%).
- 6) You will be informed as soon as possible of any interest rate change in general, through notices displayed to that effect at NBG branches, NBG press releases or the Bank's website [www.nbg.gr]. However, favorable changes in the interest rate may be implemented without notice.
- 7) Exchange rates are available at the NBG branches, the Bank's website (www.nbg.gr), and also announced in the daily press. Changes in exchange rates can be applied immediately and without further notice.
- 8) NBG's current Rates and Charges are available in the Bank's branches and can be viewed under the relevant heading on its website (www.nbg.gr).
