2. Bank's share capital decrease by reducing the nominal value of each common registered share of the Bank from €3.00 to €1.00 (without any change in the total number of common registered shares) in order to set off equal cumulative accounting losses of previous years, in the context of launching a Stock Options Program in accordance with Article 113(4) of Law 4548/2018 – Amendment of Article 4 of the Bank's Articles of Association – Granting authorizations.

Required quorum:	1/2 of total common(*) voting shares
Required majority:	2/3 of the total voting rights (present or represented by proxy)

The Board of Directors proposes to the Annual General Meeting of Shareholders the (nominal) decrease in the Bank's share capital by reducing the nominal value of each common registered share of the Bank (without any change in the total number of common registered shares) to set off equal cumulative accounting losses of previous years. The said decrease is proposed in the context of launching a five- year Stock Options Program in the form of options to acquire shares pursuant to Article 113(4) of Law 4548/2018 addressed to Board members, Senior Management executives and staff of the Bank and its affiliated companies, in the context of Article 32 of Law 4308/2014, in order to achieve an attractive share price. While, it is noted that there is no effect on regulatory capital and accounting equity of the Group and the Bank

Specifically, and for the aforesaid purpose, the Board of Directors proposes to the Annual General Meeting a decrease in the Bank's share capital by €1,829,430,306. The decrease in the Bank's share capital will be effected by means of a corresponding reduction in the nominal value of each common registered share from €3.00 to €1.00.

Following the said share capital decrease, the Bank's total share capital will amount to €914,715,153.00 divided into 914,715,153 common shares of a nominal value of €1.00 each. Given that the decrease aims at covering existing accounting losses, it is noted that the provisions of Articles 30(2) and 30(3) of Law 4548/2018, regarding an actual reduction of share capital, are not apply.

Because of this share capital decrease, Article 4 of the Bank's Articles of Association should be amended as follows:

1) Amendment of Article 4(1) as follows:

"1. The Bank's share capital stands at €914,715,153.00 and is divided into 914,715,153 common shares of a nominal value of €1.00 each."

2) The following point lxxv) is added to Article 4(2) as follows:

"lxxv) By resolution of the Annual General Meeting of Shareholders dated 30.7. 2021 it is decided to reduce the Bank's share capital by €1,829,430,306 through reduction of

the nominal value of each common registered share from €3.00 to €1.00, for the purpose of setting off equal cumulative accounting losses of previous years. As a result, the Bank's share capital stands at €914,715,153.00 and is divided into 914,715,153 common shares of a nominal value of €1.00 each."

Further to the above, it is also proposed that the executive Board members be authorized, signing in pairs together to go ahead with all necessary steps, statements, applications and submissions in order to facilitate the proposed share capital decrease, obtain all the necessary approvals from the competent authorities, and approve the corresponding amendment to Article 4 of the Bank's Articles of Association, as well as regarding any other relevant issue in the context of the said decision, having the power to further authorize and confer powers upon Bank's executives or Bank's lawyers to this end.

It is noted that this resolution is subject to the approval of the Single Supervisory Mechanism.

3. Granting of authorization to the Bank’s Board of Directors to launch a Stock Options Program in the form of options to acquire shares of the Bank pursuant to Article 113(4) of Law 4548/2018, addressed to Board members, Senior Management executives, and staff of the Bank and its affiliated companies, in the context of Article 32 of Law 4308/2014.

Required quorum:	1/2 of total common(*) voting shares
Required majority:	2/3 of the total voting rights (present or represented by proxy)

In accordance with the legislative and regulatory framework, it is proposed that the AGM authorize the Board of Directors of the Bank, pursuant to Article 113(4) of Law 4548/2018, to launch a five-year Stock Options Program in the form of options to acquire shares of the Bank pursuant to Article 113 of Law 4548/2018, addressed to Board members, Senior Management executives and staff of the Bank and its affiliated companies, in the context of Article 32 of Law 4308/2014 (“the Beneficiaries”). The Beneficiaries will be determined in line with the provisions of the Capital Requirements Directive V (CRD V), the European Banking Authority (EBA) Guidelines on Sound Remuneration Policies and Decision 158/2019 of the Bank of Greece, but (as long as these provisions remain in force) subject to the restrictions imposed by Law 3864/2010 on the establishment of the Hellenic Financial Stability Fund with respect to the provision of any kind of additional benefit (bonus) to Board members and Senior Managers.

This proposal to the General Meeting for granting authorization to the Board of Directors to launch the said program aims at the recognition and reward of executives and other staff of the Bank and the Group for their contribution to the response to the challenges of recent years and the positive progress of the Bank and the Group, the alignment of the interests of executives and employees with those of the shareholders (maximizing shareholder value), and harmonization with best practices regarding remuneration in the European banking sector, which goes hand in hand with the return of the Greek banking system to normality. It is a valuable tool for attracting and retaining executives of the Bank's management and staff. Strong recovery of the economy and accelerated growth make the implementation of staff retention measures more urgent. It ensures a level playing field and removes a competitive disadvantage for Greek systemic banks against direct and indirect competitors in the Greek financial sector, in terms of remuneration and retention of staff. It meets the standards set by the investment community regarding the provision of incentives to management executives of companies in which they invest. The completion of the resolution measures is now leading to a change in strategic priorities in the medium term (towards growth, digital transformation, progress, efficiency, competitiveness) and creates new challenges. To address such challenges and fulfil these priorities, it is essential that we (the Bank) ensure the commitment and strong performance of a wider and more specialized human capital, making it necessary to align interests among stakeholders by providing appropriate incentives. To reduce the pressure towards higher salaries,

this Program is the only tool available today to retain, attract and incentivize staff. The strict (domestic, EU, ECB) supervisory and corporate governance framework, which will be reflected in the terms and conditions of the Program, encourages the provision of incentives while eliminating any possible abuse.

To satisfy the stock options that will be exercised, the Bank will proceed with a corresponding share capital increase and issuance of new shares as per relevant Board resolutions. The maximum total nominal value of shares available through the Stock Options Program that will be launched by the Board will correspond to up to 1.5 % of the paid-up share capital, as it will stand after the execution of the decision on the share capital decrease in line with the relevant agenda item 2 of this AGM.

The Board of Directors shall be responsible for setting any other terms of the Program, in addition to the above, as per Article 113 of Law 4548/2018. In particular, in determining beneficiaries, the relevant Board resolution shall be subject to the restrictions imposed by Article 10(3) of Law 3864/2010 (for as long as these restrictions remain in force) with respect to the provision of any kind of additional benefit (bonus) to Board members and Senior Management.

It is proposed that the authorization granted to the Board by this AGM be valid for 5 years as of the date of the respective resolution of this AGM.

The Board shall propose that the AGM approve the Bank's and the Group's Annual Financial Statements for the financial year 2020 as incorporated in the 2020 Annual Financial Report, including the comparative data for 2019. The Financial Statements of the Group and the Bank are comprised of the Statement of Financial Position, the Income Statement, the Statement of Comprehensive Income, the Statement of Changes in Equity, the Cash Flow Statement, and the Notes to the Financial Statements. The Bank's website also includes a Press Release and a Presentation accompanying the announcement of the full-year results for 2020.

In brief, the Group's results for 2020 were as follows:

In 2020 and 2019, the Bank reported **profit from continuing operations** of €278 million and €135 million respectively, while the corresponding figures for the Group was profit of €402 million and €243 million, respectively.

More specifically this significant increase in results from continuing operations is due to:

Net interest income: Marginal decrease in net interest income by €21 million to €1,169 million in 2020 mainly driven by a reduction in loan interest income due to NPE deleveraging in 4Q.19 and new lending at lower rates (also due to lower corporate yields from COVID-19 State Guarantee schemes) offset by the time deposits repricing and the funding terms under TLTRO III.

Net trading income/(loss) and results from investment securities: Increase by €891 million to €1,156 million in 2020 from €271 million in 2019 mainly benefited from gains of €766 million from the two Greek Government Bonds ("GGBs") swap transactions and from GGBs sales of €377 million.

Operating expenses: Excluding the cost for the employees and pensioners transferred from the NBG Auxiliary Fund to State Auxiliary Fund of €37 million in 2020 and certain one-off items of €15 million, operating expenses (which include personnel, general,

administrative and other operating expenses and depreciation) were down by €34 million to €814 million in 2020 i.e. -4.0% on an annual basis, on the back strong cost containment efforts and a reduction of domestic personnel expenses reflecting the impact of the 2019 VES and 2020 VES. Y-o-Y operating expenses decrease is offset by higher depreciation charges resulting from the application of IFRS 16 in combination with the deconsolidation of NBG Pangaea REIC (currently "Prodea Investments S.A.") which was not included in 2019 respective figures.

Credit provisions and other impairment charges: Increase by €761 million to €1,106 million mainly due to the COVID-19 negative impact amounting to €0.4 billion and to the Project "Frontier" transaction of €0.4 billion.

Discontinued Operations: This loss is mainly due to the re-measurement impairments attributed to discontinuing operations and mainly to NIC.

The key events for 2020 were:

- On 21 January 2020 the Bank realized a gain of €515 million from the exchange of three existing GGBs held by the Bank with a new GGB based on the fair value of the existing GGBs. On 3 and 18 December 2020, the Bank entered into two GGBs exchanges, having the Greek PDMA as a counterparty, and realized a gain of €251 million.
- On 5 June 2020, the bank announced that it has entered into a definite agreement with the Investment Firm Bain Capital Credit ("Bain Capital") for the disposal of a portfolio of c. 2,800 non-performing, predominantly secured, corporate loan portfolio ("Project Icon") with total principal amount of €1.6 billion as of 30 June 2019 and Net Book Value of €274 million as of 31 December 2020. The closing of the transaction took place on 12 February 2021.
- In the context of deleveraging its NPEs through inorganic actions, the Bank launched in December 2020 a large-scale transaction for the disposal of a portfolio of Greek NPEs in the form of a rated securitization, under the project name "Frontier", which aims to utilize the provisions of the Hellenic Asset Protection Scheme ("HAPS"). The envisaged transaction comprises a portfolio of secured Large Corporate, Small and Medium Enterprises ("SME"), Small Business Lending ("SBL") and Mortgage loans, accounting for €6.1 billion in terms of gross book value as of 30 June 2020. The Net Book Value as of 31 December 2020 amounted to €2.6 billion. On 29 January 2021, the Bank announced the submission of application under the Hercules Asset Protection Scheme, according to the provisions of Greek Law 4649/2019, for the securitization of project Frontier.
- On 24 March 2021 the Bank's BoD approved the sale of the 90.01% out of 100% stake in NIC and authorized the Bank's Management to proceed with the signing of the SPA on 26 March 2021. The equivalent nominal consideration corresponding to 100% of Ethniki would be €505 million, including an "earn-out" payment of up to €120 million, which will be subject to meeting agreed upon performance targets for the bancassurance channel of NBG by 2026.
- On 11 November 2020, the Bank exercised a call option to repurchase €200 million in covered bonds held by the European Investment Bank ("EIB").

Finally, within the context of Article 9, Par. 2, Section a) of Law 4706/2020, it is proposed that as part of the Remuneration Policy which the Bank applies, the participation in a stock option plan or in any other performance-related pay scheme are presumed to be 'significant remuneration or benefit' for Board members' independence assessment purposes, particularly in the case that these are not small compared to the member's overall financial standing or affect or may substantially affect the financial position or performance or business activity or the general financial interests of the Bank.

14. Approval of Board of Directors Suitability Assessment Policy and Procedure as per Article 3 of Law 4706/2020.

Required quorum:	1/5 of total common(*) voting shares
Required majority:	50% of the total voting rights (present or represented by proxy) + 1 (present or represented by proxy)

In September 2020, within the context of the Bank's obligations in relation to the assessment of the suitability of Board members and the collective suitability of the Board, and following proposal of the Corporate Governance and Nominations Committee, the Board of Directors approved the Board Suitability Assessment Policy and Procedure.

In light of the entry into force of the relevant provisions of L. 4706/2020, the Board of Directors, following proposal of the Corporate Governance and Nominations Committee, submits for approval to the Annual General Meeting of Shareholders the Board of Directors Suitability Assessment Policy, in accordance with Article 3 par. 3 of Law 4706/2020.

The proposed Policy is in accordance with the applicable legal and regulatory framework, especially Law 4706/2020 and Hellenic Capital Market Commission Circular No. 60, Laws 4261/2014 and 3864/2010, the ECB/SSM Guide to Fit and Proper Assessments, the Joint EBA-ESMA Guidelines on the assessment of suitability of members of the management body and key function holders (EBA/GL/2021/06), the Bank of Greece Executive Committee Act 142/11.6.2018 and the HFSF Guidelines on Board Selection Process.

The Board of Directors Suitability Assessment Policy is available on the website of the Bank: <https://www.nbg.gr/en/the-group/investor-relations/general-assemblies>

15. Granting of authorization to the Bank's Board of Directors in order to proceed to all actions required for forming special reserve for the repayment of holders of Additional Tier 1 capital (AT1), once relevant legislative framework provides such possibility.

Required quorum:	1/5 of total common(*) voting shares
Required majority:	50% of the total voting rights (present or represented by proxy) + 1 (present or represented by proxy)

It is proposed that the General Meeting grants authorization to the Board of Directors to proceed, depending on changing circumstances and the each time applicable legal and tax regime, at its discretion, to the appropriate actions, in accordance with article 35 par. 3 of Law 4548/2018, either for the capitalization of the share premium account and up to the amount of Euro up to the limit set by Law, by issuance of new common shares (to existing shareholders) or by increase of the nominal value of existing common shares, or for offsetting said reserve against the cumulative balance of the account "Retained losses", having regard to all legal requirements.

The Bank's Shareholders' equity account, Reserves & retained losses amounting to (€11,996) million include cumulative retained losses of €17,630 million which, under article 35.3b of Law 4548/2018, can be covered by offsetting the share premium amounting to €13,863 million, unless reserves or other funds are available and can be used by law to set off such losses. The Board of Directors will have the ability to go ahead with this set-off after first investigating which reserves or other funds can be used by law for this purpose, before setting off the share premium, judging on the basis of the Bank's best interest, also depending on future developments. By covering these accounting losses, the existence of which is acting as a brake on the Bank's potential, the Bank will increase its business flexibility, while possible issues of debt instruments in the future will be more attractive, thereby giving yet more strength to the Bank's capital position, since it will be in a position, when conditions permit, to distribute profits.

The relevant authorization is in force until the next Annual General Meeting of Shareholders.

16. Various announcements.

A proxy appointment can be freely recalled. A proxy holder holding proxies from several shareholders may cast votes differently for each shareholder.

Shareholders may appoint a proxy for one or more General Meetings and for a specific period of time. The proxy votes in accordance with the shareholder's instructions, if there are any. The shareholder's proxy shall file the voting instructions for at least one (1) year from the date of the Annual General Meeting or the Repeat General Meeting.

Before the AGM commences, the proxy holder must disclose to the Bank any particular facts that may be of relevance for shareholders in assessing the risk that the proxy holder may pursue interests other than those of the shareholder. The appointment and revocation or replacement of a proxy holder shall be made in writing or by electronic means that are submitted to the Bank at least forty-eight (48) hours prior to the date of the AGM. Notification of the appointment and revocation or replacement of the proxy by electronic means is by electronic mail at the email address on the Invitation to the General Meeting, or in case of shareholders that are identified through intermediaries, through confirmations or notices of articles 5 and 6 of Regulation (EU) 2018/1212, which are provided by the intermediary.

II. Specifically for shareholder participation by proxy at the Annual General Meeting on 30.07.2021 (or the Repeat Meeting thereof), remotely in real-time by teleconference, or for shareholder participation by proxy at the vote on the items of the Annual General Meeting that will take place before the General Meeting, Shareholders or Participants in the Securities Accounts in the DSS or other intermediary that provides custody services for the shares of the Bank, can appoint up to one (1) proxy, whose appointment must be made at least forty-eight (48) hours before the date of the General Meeting (i.e. by 11.00 am on 28.07.2021 at the latest and for the Repeat Meeting by 11.00 am on 03.08.2021 at the latest).

Upon receipt of the information above by the Bank, and based on the email address and mobile telephone of the proxy, as declared in the proxy document, an account is created for the proxy on the internet platform; the proxy is informed by email in order to activate the account in order to exercise the rights of the shareholder in accordance with what is referred to in B. and C. above.
