- • If the balance on your account is not sufficient to pay the applicable fees, the account is charged with the respective amount and its balance is blocked, so that the Bank can collect the said fees when there is sufficient balance (the relevant check is carried out automatically on a daily basis).

If costs are not collected for a whole month, the account cannot be changed into another product and remains a Business Basic account. With regard to the conditions and terms for effecting payment transactions, the framework contract for payment services, which is governed by Law 4537/2018 (Government Gazette 84/15.5.2018), shall additionally apply and prevail over the "Agreement for deposit and the opening of deposit account"; a draft of the framework contract shall be delivered to the interested party for perusal and signing.

- Interest is posted at the end of each month.
- The balance available each day represents the funds (whether the total balance or a part thereof) whose value date, set as a result of any credit/debit entry or hold, has lapsed on the same day. The value date, in the case of withdrawals, is the date on which the amount withdrawn ceases to be part of the balance and, in the case of deposits, the date on which the funds become available and, in the case of interest-bearing accounts, interest starts accruing.
- Interest rates on deposit accounts are escalating, i.e. interest accrues on the total balance existing from time to time in line with the rates indicated in the table above. Interest is calculated on the balance available on each day and the respective rate applies to the total deposit balance.
- Interest is calculated on an actual/360 day basis, i.e. the actual days of the year are the numerator while the commercial year of 360 days is the denominator.

- Tax is withheld from the interest payable to the account beneficiary in favour of the Greek State. The tax rate depends on the relevant tax law applicable from time to time (currently 15%).
 - You will be informed as soon as possible of any interest rate change in general, through notices displayed to that effect at NBG branches, NBG press releases or the Bank's website [www.nbg.gr]. Rate changes, however, that are favourable to you may apply without notification.
